### The following classes are studying Faith Connections by Word Action:

#### Ezekiel

God revealed himself to Ezekiel in many strange and wonderful images. We'll be exploring several of these encounters to find out what they can teach us about God over the next eight weeks.

#### Esther

The following five weeks we'll see God at work in the shadows of Esther. Esther found herself in a position of power at a crucial time in Israel's history. We'll celebrate God's sovereignty and His faithfulness to his people as he calls a young woman to give hope to his people in their time of need.

A Greeter will assist you in locating a particular class.
